

Engineering of Quantum Emitter Properties

Thursday, November 28, 2024

Session 3 - Kaiser-Leopold-Saal (2:00 PM - 3:30 PM)

time	[id] title	presenter
2:00 PM	[38] Field tests of semiconductor quantum light sources	Prof. DING, Fei
2:30 PM	[50] Single-photon sources – a new application of rare-earth ions	Prof. TITTEL, Wolfgang
3:00 PM	[53] Exploring nanoengineered TMDs for generation, interference, and detection of single photons	Prof. MUNKHBAT, Battulga
