

# Engineering of Quantum Emitter Properties

## Friday, November 29, 2024

### Session 5 - Kaiser-Leopold-Saal (9:00 AM - 10:30 AM)

time	[id] title	presenter
9:00 AM	[15] Efficient generation and manipulation of single photons with a single molecule	Prof. GÖTZINGER, Stephan
9:30 AM	[17] SUPER of a quantum emitter in a cavity	Prof. REITER, Doris
10:00 AM	[29] A deterministic source of single photons in a silicon-on-insulator photonic chip	Prof. GERARD, Jean-Michel
