Collisions 1

Mon, June 30

5:00 PM

Collisions 1

Session | Location:

17:00 – 17:30

Controlled collisions of molecules and ions

Speaker

Prof. Stefan Willitsch

17:30 – 18:00

Reactive collisions of oxygen atoms with aromatic compounds in crossed-beam experiments

Speaker

Nadia Balucani

18:00 – 18:20

The Mutual Neutralization of Hydronium and Hydroxide.

Speaker

Alon Bogot

18:20 – 18:40

Quantum State Selection and Laser Cooling Systems for Studying Collisions and Reaction Dynamics at Low Temperatures

Speaker

Tiangang Yang

6:40 PM
